## Professional Summary

Highly skilled Frontend Developer with a proven track record of developing and maintaining front-end code for web applications. Proficient in translating app designs into efficient front-end code using ReactJs, NextJs, and TailwindCSS. Adept at collaborating within scrum-based teams, estimating and planning work according to scrum principles. Known for solving problems efficiently, meeting tight deadlines, and actively staying abreast of emerging technologies and industry trends. Passionate about creating engaging user experiences and ensuring cross-browser and cross-device compatibility.

## Technical Skill

### Programming Languages:

- HTML5, CSS3, JavaScript/ES6: Expertise in developing and maintaining clean, semantic, and accessible front-end code for web applications. Proficient in using the latest features of ES6 for efficient and modern JavaScript development.

### Frontend Frameworks:

- React, NextJs: Extensive experience in transforming intricate app designs into highly responsive and interactive front-end code using React and NextJs. Proven ability to create dynamic, single-page applications with a focus on user experience.

### CSS Frameworks:

- TailwindCSS, Bootstrap, Sass: Mastery of TailwindCSS for crafting utility-first styles that enhance code readability and maintainability. Familiarity with Bootstrap and Sass for rapid and scalable stylesheet development.

### Collaboration and Planning:

- Scrum-based Team Collaboration: Active participation in scrum-based teams, adept at estimating and planning work according to scrum principles. Strong communication skills to collaborate effectively with cross-functional teams.

### Problem Solving:

- Efficient Problem Resolution: Proven ability to troubleshoot and solve problems quickly, ensuring minimal impact on project timelines. Strategic thinker with a focus on efficient and effective solutions.

### Cross-Browser Compatibility:

- Browser and Device Compatibility: Extensive experience in releasing content that seamlessly works across different browsers and devices. Ensuring a consistent user experience by addressing cross-browser compatibility challenges.

### Collaboration with Back-End:

- Integration with APIs and Databases: Collaborative work with back-end developers to seamlessly integrate UI components with APIs and databases. Ensuring smooth data flow and interaction between the front-end and back-end systems.

## Requirements Gathering:

- **Specification and Requirement Refinement:** Proactive involvement in gathering and refining specifications and requirements based on technical necessities or UX design. Ensuring a clear understanding of project objectives for effective implementation.

## Debugging and Optimization:

- **Error Debugging and Routine Performance Optimization:** Proficient in debugging errors, troubleshooting issues, and implementing routine performance optimizations. Continuous improvement mindset to enhance application efficiency.

## Code Quality and Reusability:

- **High-Quality, Scalable, and Reusable Code:** Commitment to writing high-quality, scalable, and reusable code, adhering to best practices and coding standards. Focus on maintainability and scalability for long-term project success.

## Technology Trends:

- **Staying Plugged into Emerging Technologies:** Actively staying informed about emerging technologies and industry trends. Enthusiastic about adopting new tools and frameworks to enhance development capabilities.

## Education:

---

### HND, Computer Science

Moshood Abiola Polytechnic, Abeokuta.

March 2022.

## Work Experience:

---

### NYSC Inter, Lagos State Internal Revenue Service (LIRS), Ibeju-Lekki

July 2022 – July 2023

The LIRS manages and collects taxes from individuals and businesses within the state to generate revenue for funding various public services and development projects.

- Examined taxpayers' tax returns and financial records to ensure the accuracy and completeness of tax reporting.
- Ensured compliance with tax regulations, accurate reporting, and maintenance of financial records related to taxes.
- Provided customer support for both technical and financial issues.

## Certifications:

---

- **JavaScript Algorithms and Data Structure**, FreeCodeCamp.org  
*Completion Date: July 17, 2023*
- **Full Stack web development**, ZURI  
*Completion Date: August 26, 2022*
- **Responsive Web Design**, FreeCodeCamp.org  
*Completion Date: June 4, 2021*

## Skills

---

- Fluent in English (written and spoken)
- Strong analytical and problem-solving skills.
- Ability to work independently and as part of a team.
- Proven ability to manage critical issues and work under pressure.
- Adaptable to changing environments and technologies.
- Passionate about technology and continuous development.
- Basic and advanced computer usage skills.
